PROFESSIONAL SUMMARY

Investment research and portfolio management professional with experience across wealth management, asset management, and equity research. Conduct cross-asset research covering macroeconomics, fixed income, mutual funds, Indonesian and offshore equities, and digital assets to support portfolio decisions and investment-product evaluation at BCA Wealth Management. Skilled in fundamental research, financial modeling, quantitative analysis, and portfolio construction, with additional experience leading a seven-analyst team and building a 4,600+ member financial research community.

PROFESSIONAL EXPERIENCE

Bank Central Asia (BCA) **September 2026 – Present**
Investment Research & Portfolio Management *Jakarta, Indonesia*

- Analyze global and Indonesian macroeconomic conditions, including monetary policy, interest rates, and inflation, to assess cross-asset market implications.
- Evaluate fixed income, mutual funds, Indonesian equities, and offshore equities to support investment-product screening and portfolio decisions.
- Produce daily market outlooks that synthesize overnight developments, market movements, economic data, and investment implications for Indonesian investors.
- Contribute to an AI-enabled dashboard for portfolio and investment-product analysis by translating market conditions and asset-class performance into decision-relevant insights.

Revalue Academy **May 2025 – July 2025**
Product Intern *Remote*

- Designed five PowerPoint training modules that translated Revalue Academy's REVALUE stock-selection framework into accessible lessons for live retail-investor classes.
- Used visual storytelling and analogies to explain net-income allocation and dividend policy to non-specialist audiences.
- Converted valuation and capital-allocation concepts into clear retail-investor content while preserving analytical rigor.

Syailendra Capital **February 2025 – May 2025**
Project Consultant (Project Lead) *Remote*

- Led a student consulting team from SBM ITB Investment Club and ITB Student Consulting to design an AI/NLP market-intelligence framework for a leading Indonesian asset manager.
- Developed a sentiment-analysis methodology and interactive dashboard prototype that automated financial-news curation and surfaced early macroeconomic signals for portfolio managers.
- Delivered the proof of concept, methodology, and implementation roadmap to the investment team for future production deployment.

Launchy **October 2023 – May 2024**
Crypto Researcher (Internship → Full-time) *Remote*

- Performed bottom-up due diligence on 70+ DePIN projects, evaluating tokenomics, ecosystem viability, and yield potential for institutional allocation decisions.
- Produced monthly deal-flow reports covering 50+ crypto funding rounds, informing investment-thesis development for VC and institutional-fund clients.
- Mapped the Fantom ecosystem through on-chain analysis to visualize protocol relationships and identify emerging yield opportunities.

EDUCATION

Institut Teknologi Bandung (ITB) **August 2023 – August 2026**
Bachelor of Management, School of Business and Management (SBM) *Bandung, Indonesia*

- Degree conferred (Yudisium) August 2026; formal graduation ceremony October 2026.
- GPA: 3.45/4.00.
- Honors: Bank Indonesia Scholarship Recipient.
- Relevant Coursework: Corporate Finance, Investment Analysis, Financial Statement Analysis, Strategic Management, Business Statistics.

ORGANIZATIONAL EXPERIENCE

Kadin Indonesia **September 2026 – Present**
Product Development *Jakarta, Indonesia*

- Benchmark executive-education and business-masterclass providers across curriculum, delivery model, pricing, and positioning to inform program differentiation.
- Develop pricing options for the CEO Masterclass by evaluating tiered and bundled structures against competitor benchmarks and target-segment willingness to pay.
- Support go-to-market planning by defining target participant segments, acquisition channels, and launch sequencing with the program team.

Not Into Finance **August 2025 – Present**
Founder & CEO *Jakarta, Indonesia*

- Founded and scaled a Discord-based financial research community to 4,600+ members and 200+ paying subscribers, generating Rp50 million in first-year revenue through research subscriptions and investment classes averaging 500 attendees.
- Built an audience of 10,000+ followers across Instagram and X, strengthening brand awareness among Indonesian retail and student investors.
- Lead a seven-analyst team through structured Notion workflows and weekly thesis reviews, publishing institutional-style research across Indonesian equities, macroeconomics, and digital assets.
- Secured 20+ partnerships and co-hosted webinars or cross-promotions with McKinsey YLI, Samuel Sekuritas, Syailendra Capital, and leading Indonesian universities.

CERTIFICATIONS

WPPE – Wakil Perantara Perdagangan Efek, LSP | Issued April 2026 | Indonesian Broker-Dealer Representative License

ACHIEVEMENTS

- **Equity Research:** Top 4 Finalist, IMPACT Maliki Equity Research Paper 2025 (HOLD recommendation, PT Bank Central Asia Tbk/BBCA); Finalist and Best Speaker, UCMC Equity Research Competition.
- **Entrepreneurship:** Selected as 1 of 3 recipients of the Ministry of Higher Education, Research, and Technology venture grant and 1 of 25 recipients of the ITB Student Entrepreneurial Program.
- **Public Speaking:** Invited speaker on capital markets and investing at Lotus Andalan Sekuritas, Institut Teknologi Bandung, Universitas Indonesia, and UPN Veteran.
